Invitation

Get ready for the fifth part of our **Satellite Industry Day Series on June 3, 2025!** After four successful online events, we are hosting this fifth event on-site at the Rohde & Schwarz campus in Munich, Germany.

Together, we'll explore a wide range of topics: from 5G NTN and satellite testing to monitoring and regulatory issues. During breaks, there will be plenty of opportunities to network and engage in discussions with industry leaders. As guest speakers, we're thrilled to welcome experts from Viavi Solutions, Terma Technologies and Zentrum für Telematik.

Take advantage of this unique opportunity to expand your knowledge in the rapidly evolving field of satellite technology and connect with professionals from diverse sectors.

Date: June 3, 2025, from 9:00 to 17:15 CET

Where: Rohde & Schwarz, Mühldorfstraße, Munich, Germany

Sounds interesting? [Check out the detailed agenda here.](#)
