

**WCA 60-90 (f)**  
**Waveguide Coax Adaptor 60-90 GHz (f)**  
Part-No.: 05600020

**Product Description**

**Description:**

This precise compact Adapter grips a signal from 60 to 90 GHz with a small insertion losses. They are available from 50 GHz to 110 GHz and also with a connector for the input interface in male or female. The stable connector of the flange has a long service life.

**Features:**

- small conversion losses
- slight mounting depth
- very compact
- marginal return losses
- available in male and female models

**Technical Specifications**

|                       |                       |
|-----------------------|-----------------------|
| Frequency Range [GHz] | 60 - 90               |
| RF Port               | WM3099                |
| Coax Interface        | 1 mm Connector female |
| VSWR                  | min. 1.13:1           |
| Insertion Loss        | <0.45 typ.            |

**Typical Performance**
